Report

The Department of Automobile running under DDU Kaushal Kendra at Khalsa College Patiala celebrated National Engineers Day in which college Principal Dr. Dharminder Singh Ubha arrived as a

Chief Guest on 15 September 2017 to mark the birth anniversary of engineer pioneer sir Mokshagundam Visvesvaraya.

While addressing the students Dr. Ubha said that engineers play a vital role in the development of a nation. Every student should try to explore his/her hidden talent. He further said that our mind is a store house of knowledge which needs to be channelized properly. Enlightened minds adds to the overall development of infrastructure of a nation.

Dr. Arvind Sabharwal, Nodal Officer welcomed all the staff members and students. While highlighting the importance of this day, he said that the day began to be celebrated from 15th September, 1967 on the birth anniversary of Mokshagundam Visvesvaraya who was called the precursor of economic planning in India. He contributed in the designing of automatic water flood gates and also in irrigation projects. Due to his contributions in these fields he was awarded with Bharat Ratan in 1955.

Dr. Ajit Singh Co-ordinator DDU Kaushal Kender while welcoming the staff and the students said that such efforts are laudable. Students must seek directions from the lives of such great people.
