Students Feedback

The students learned about technological advancements over last centuries in automobile sector. The Integration of technological advances makes automobiles safer and user friendly. At the end of seminar students were aware of cruise control system in automobiles and realised that just like every other industry, automobile industry is also rapidly advancing in contemporary times.

Resource Person Feedback

I would to like to thank college management for giving me the opportunity to act as a resource person in the seminar. This course has every thing that is needed to become entrepreneur. Every thing in this course is taught step by step and in detail. I felt so proud of myself for making it through this course.

Departmental Staff Feedback

DDu Kaushal Kendra has been always making rich efforts to arrange such kind of seminars for the students. This seminar has been very skillful and the staff is sincerely feeling delighted to have been able to be a part of it.
