

Lecture on “ Rise of Drug Addiction among Women”

PG Department of Geography & Environmental Sciences has organized a guest lecture for dated 8th march 2021. **Prof. Amandeep Kaur** from PG Department of Geography & Environmental Sciences delivered the lecture. She stated that presently not only male but females are also equally addicted to the drugs especially in the metro cities. Female students on the name of education leave their homes and stay in the hostels and PGs are easy prey to the drug activates. Being lonely, homesick, awestruck with the city life, they are more tempted to take antisocial activities. Prof. Amandeep Kaur urged the students to take care of their health and stay away from drugs.
