No. of Participants: 28

DDU Kaushal Kendra started an **One Month (blended mode) training at company Solitaire Infosys, Patiala on the topic of Web Development** for students of B.Voc. Software Development. In this training the students were made aware about different Content Management Systems. The overall goal of this workshop was to disseminate the knowledge of designing a small website using Joomla and WordPress. There were 28 students in the training.

Student Feedback

The students thanked the college for the well-organized training on Web development. Students learnt in this workshop to start a path toward future studies in web development and design, no matter how little experience or technical knowledge they currently have. The Students were very impressed with the trainer, especially his ability to make complicated concepts seem very simple.

Trainer Feedback

I would like to thank the College Management for giving me the opportunity to act as a trainer in the training. It was a great experience. I would recommend this course to anybody who wants to learn web development. I found this kind of workshop is extremely beneficial for the students and they keep them updated about the latest technologies.

Departmental Staff Feedback

DDU Kaushal Kendra has been always making rich efforts to arrange such kinds of trainings for the students. This training has been very inspiring and the staff is really feeling delighted to have been able to be a part of it. It's been presented really well.

Report

During this training the students worked on following topics Joomla: Installation of Joomla, Wamp Server, Administrator- Global Configuration, Article Manager, Category Manager, Media Manager, Extension Manager, Template Manager. Joomla frontend, Templates, Linking CSS & JavaScript.

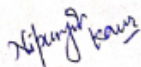

The students also worked on the following topics of WordPress: Installation of WordPress, Wamp Server, Post, Pages, Media, Exporting/Importing Contents and Plugins.
