

Teachers day

5th September, 2016

Report

Computonics Club of P.G. Department of Computer Science celebrated Teachers day on 5th September, 2016. This is a day to respect teachers for their significant work, which also marks the birth anniversary of Dr Sarvepalli Radhakrishnan, who was an Indian philosopher and the second President of India. To celebrate this occasion, students performed songs and plays, acknowledging the contribution of their teachers. Students honoured their teachers and handed gifts to them as a token of love and respect.

The motive of this activity was to strengthen the teacher-student relationship. Staff members encouraged students to be more expressive about their study related problems and other social issues. They guided them to feel free to ask for any help.
