

# Teej Celebration

Date: 17/08/2021

## Notice

## Report

Teej refers to the monsoon festival. This festival celebrates the bounty of nature, arrivals of clouds and rain, greenery and birds, rituals and customs. The festival includes dancing, singing, getting together, dressing up with heena coloured hands and feet, wearing red, yellow or green clothes, sharing festive food and playing under trees on swings on hariyali teej.

Computonics Club of P.G Department of Computer Science celebrated Teej festival with all enthusiasm. Various activities/events were organized by Department like Mehndi competition, Boliyan, Gidda, Traditional songs and Dress etc. Students were all dressed in their ethnic attire and enjoyed on the decorated swings.

# Khalsa College Patiala Celebrates “Teean” Festival

Punjab Times News  
Patiala, August 17

Computonics Club of PG Department of Computer Science celebrated the festival of Teean. The students participated in the competitions of mehndi, bolyan, folk dress exhibition, and folk songs. The competition was judged by Dr Balbir Kaur, Head, Home Science Department and Prof Jaspreet Kaur, Associate Professor, Department of English. Manpreet Kaur grabbed first position in Mehndi competition, Aarti got second position and Bawaanpreet Kaur got third position. In folk song competition Harpreet Kaur won first position and Jeevan

Jot Kaur got second position. In dress exhibition Amanpreet Kaur got first position, Sakshi second position and Harpreet Kaur grabbed 3rd position. College Principal Dr Dharminder Singh Usha said that the program organised by Computer

Department is another step towards connecting the students with their tradition and also in bringing them closer to their moral values. He appreciated the efforts made by the department and admired the versatility of students. Professor SuAhmeen Kaur, Head of

Computer Department, encouraged the students to remain connected with their Punjabi tradition. Professor Inderbir Kaur, Assistant Professor and convener of computonics club, made the program a success with her tireless efforts.
