### **Report**

Post Graduate Department of Computer Science organized Two days National Webinar on "IMPLEMENTATION OF MASSIVE OPEN ONLINE COURSES(MOOC's)" on 11-12th Nov 2020.

MOOCs enable access to quality education to as many as people possible and contribute to continuous education of various social groups and gives an opportunity to connect openly on a global scale with global learners. It can bring knowledge to unlimited number of students who may not have access otherwise, and be of use to learners who can't afford the costs of higher education. The motive was to raise awareness among students and faculty members about low cost/free courses available online for example Swayam Platform.
