

Student Induction Programme

2020-21

21st August, 2020

Report

The induction Program was Conducted on 21st August, 2020 through online mode. The primary objective of this program was to make students feels comfortable in the new environment.

In the Orientation Program, the Principal, Head of Department and other college functionaries address and welcome the new students. It served to provide space for telling the new students about College, different facilities provided by the college, different cells of the college, Department, Computonics club of the Department and their academics & curricular activities etc.
