FEEDBACK (2023-24)

The feedback analysis is a mechanism to check the effectiveness of teaching learning process along with administrative activities taking place in the institute. From analysis, the strengths and weaknesses can be traced and remedial measures can be taken to improve the working of institute. There is a great importance of feedback in improving learning experience for the students. This has also significant effect in professionalizing teaching in the higher education level. It also enables a teacher to see how teaching practice can be improved, and which teaching and learning strategies are more likely to be effective. The Feedback is obtained from all stakeholders including students, parents, teachers, alumni and employers.

By observing the feedback received, this report acts as the guide to strengthen college's current strengths and pinpoint areas where improvements are necessary. The insights from this analysis are crucial for fostering a responsive and adaptive academic environment that aligns with the evolving needs and expectations of all stakeholders.

Additionally, this report is designed to support the college's leadership in making informed decisions that will guide future strategic planning and policy development by incorporating the all-relevant stakeholders.

General Mechanism:

- **Collection of Feedback**
- **Data Consolidation**
- **Analysis Action Taken Report**

Collection of Feedback

The feedback is taken once a year from outgoing students of both PG and UG classes on teachers' performance, library administration and curriculum. The teachers feedback is also taken annually through the google forms for the upliftment of teaching method and pedagogy. The feedback from employers is also taken and it is beneficial to enhance the job opportunities required for outgoing students. Finally, the parents are also stakeholders of feedback hierarchy which tells us about the problems faced by students whether in curriculum, infrastructure and teaching experience.

Data Analysis

The data obtained was analysed using Google form.

The first parameter examined student's perceptions of their teacher's performance. For this purpose, the students were asked to rate their feedback of 20 items on a five-point Likert scale. A consensus agreement has been used to describe the total numbers of students who have rated "good or excellent" with a statement. The results shows that the majority of students reported teachers' evaluation as "good or excellent" with respect to teachers' methodology, efficiency, motivation and competence in teaching.

The second parameter examined views of students on curriculum and examination. For this purpose, the students were asked to rate their feedback of 10 items on a five-point Likert scale. A consensus agreement has been used to describe the total numbers of students who have rated "Strongly agree or agree" with a statement. The results shows that the majority of students reported that curriculum is time relevant and examination process is fair.

The third parameter describes the student's feedback response with respect to library facilities. For this purpose, the students were asked to rate their feedback of 20 items on a five-point Likert scale. The results reported that most of the students were satisfied with availability of books, cataloguing and arrangements of books availability of reading space, lab staff cooperativeness, and usage of Xerox facility in the library.

The Alumni, Employers and Parents perception was undertaken to rate the college administration. For this purpose, they were asked to rate the perception of 31 items. The result show that most of the students are satisfied with the quality level of college administration in the form of cooperation, cleanliness, drinking water, refreshments, social services, redressal of grievances, functioning of placement cell, infrastructural facilities, scholarships and campus environment.

Data Consolidation and Analysis

The collected data is consolidated and analyzed for Concluding the report and the suggestions are also welcomed. The tables are tabulated which includes the percentage of data and average score. If the average score less than 3 then action is taken by the IQAC while parameters having score greater than 3 are considered for suggestions. After assessment, the IQAC shares the analysis and detailed suggestions with Director-Principal of the college. The feedback is discussed by the Director-Principal of the college with deans and heads of the departments through meetings.
