

## Best Practice

### Motivating Students towards Social Responsibilities

The main objective of the practice is to sensitize the students :

- \* To make them responsible towards society.
- \* To cultivate an ambience that is advantageous for the pursuit of betterment of society.
- \* To guide students in a manner which converts them into a force, which is against evil practices of society.

As no education is complete if it does not focus on making students socially responsible. The institution aims at encouraging the students to contribute generously towards society by sharing with the deprived ones, by educating their maids and their children, by keeping environment clean, by planting trees, by not littering and by maintaining habits of cleanliness.

It focuses on transforming our students into upstanding citizens by generating awareness among them about various problems imbued in our social structure. It engages students in meaningful practices that prepare them to fulfil the obligations as responsible global citizens. Brave Hearts, Department of English donated five new bicycles to five children of Rajindra Deva Orphan Trust. School of Commerce and Management celebrated Diwali at Mata Khivi Old Age Home, Patiala on 27<sup>th</sup> Oct, 2016

## **Academic Excellence of the Teaching Staff**

The aim of the practice is to bring forth the contemporary trends in the arena of knowledge for effective pedagogy. More specifically the following are the objectives:

- \* It bridges the gap between the theory and application of the academic programs to create a skilled work force.
- \* It empowers the students to endeavour into innovation and research during their student life.
- \* It ensures the holistic development of the students.
- \* It focuses on the dissemination of in-depth subject knowledge.

Our country is one of the youngest in the world brimming with potential which needs to be tapped in order to create self-sufficiency in economic and social order. The country needs youth imbued with the spirit of research and scientific temper. The academic excellence of the faculty aims to transform the above vision into a reality. The teaching staff is in a constant endeavour to achieve academic excellence and enhance teaching process in order to bring out the best in the students. In the session 2016-17 the Faculty has undertaken doctoral research. Minor and Major research projects, published books and research articles in esteemed journals, presented papers, attended conferences seminars and workshops at National and International level. The institution motivates the faculty members to upgrade themselves constantly. With this aim they are sent to participate and present research papers in National and International conference and seminars. They are given financial assistance also to serve the purpose. The institution organises conferences, seminars itself which gives a healthy exposure to faculty as well as students.

15 faculty members presented papers at National Seminar. 22 faculty members got their papers published in International Peer Review Journals and 02 faculty members got their paper published in National Peer Review Journals.

10 teachers published their papers in Books and magazines. 06 teachers delivered their lectures at various institutions as a resource person.

03 teachers got their Ph. D. degree during this session.
