FEEDBACK (2018-19) ANALYSIS

For the growth and success of any organizations, it's mandatory to follow certain rules and ethics, feedback system is one of them. Feedback comes with a lot of benefits and merits which help institutes to retain their policies and improve upon them. At Khalsa College Patiala, all kinds of feedback are taken constructively and suggestions are incorporated for the better. It helps us to optimize our performance and be successful. Alumni students make us more strong decision makers and help us to evolve our productivity level. All sorts of feedbacks and suggestions provide us to attain the pinnacle of growth and success in achieving our objectives. From analysis the strengths and weaknesses can be traced and remedial measures can be taken to improve the work culture of the institute. The Feedback is obtained from all stakeholders including students, parents, teachers, alumni and employers.

Feedback is taken once a year from outgoing students of both PG and UG classes. Feedback is obtained in structured manner in online and offline mode. The feedback is collected and assessed by the IQAC and shared with the Principal of the institute to achieve the institutional objectives. Feedback from Parents is collected on parent teacher meetings held twice a year.

FEEDBACK FROM STUDENTS

The feedback activity is undertaken online by giving a link of Google form on the college website. The feedback Performa's are designed based on the three key parameters on which the students evaluate the institution. The two parameters are:

- Teaching
- Library and Admiration

During the survey a total of 1758 students participated for above mentioned four parameters. The data collected through the feedback form was analysed and interpreted. The diagrammatic representation made through pie charts shows the students feedback with respect to teachers, hostel, library and Administration respectively.

Data Analysis: The data obtained was analysed using Google form.

The first parameter examined student's perceptions of their teachers and their performance. For this purpose the students were asked to rate their feedback of 15 items on a five point Likert scale. A consensus agreement has been used to describe the total numbers of students who have rated "good or excellent" with a statement. The results shows that the majority of students reported teachers evaluation as "good or excellent" with respect to teachers methodology, efficiency, motivation and competence in teaching.

The second parameter describes the student's feedback response with respect to library facilities. For this purpose the students were asked to rate their feedback of 19 items on a two point Likert scale. The results reported that most of the students were satisfied with availability of books, cataloguing and arrangements of books availability of reading space, lab staff cooperativeness, usage of Xerox facility in the library. The parameter examines students' perception related to college administration. For this purpose they were asked to rate the perception of 14 items. The result show that most of the students are satisfied with the quality level of college administration in the form of cooperation, cleanliness, drinking water, refreshments, social services, redressal of
