FEEDBACK FROM STUDENTS (2019-2020)

The feedback activity is undertaken online by giving a link of Google form on college website. The feedback Performa's are designed based on the two key parameters on which the students evaluate the institution. The four parameters are:

- Teaching, Curriculum and Examination
- Library and Administration
-

During the survey a total of 1744 students participated for mentioned two parameters. The data collected through the feedback form was analysed and interpreted. The diagrammatic representation made through pie charts shows the students feedback with respect to teachers, hostel, library and administration respectively.

Data Analysis: The data obtained was analysed using Google form.

The first parameter examined student's perceptions of their teacher, curriculum and examination s performance. For this purpose, the students were asked to rate their feedback of 15 items on a five-point Likert scale. A consensus agreement has been used to describe the total numbers of students who have rated "good or excellent" with a statement. The results shows that the majority of students reported teachers' evaluation as "good or excellent" with respect to teachers methodology, efficiency, motivation and competence in teaching. The results show that students are satisfied with curriculum and examination. The results also show that the majority of students reported that curriculum is time relevant and examination process is fair.

The second parameter describes the student's feedback response with respect to library facilities. For this purpose, the students were asked to rate their feedback of 6 items on a two-point Likert scale. The results reported that most of the students were satisfied with availability of books, cataloguing and arrangements of books availability of reading space, lab staff cooperativeness, usage of Xerox facility in the library. Another parameter examines students' perception related to college administration. For this purpose, they were asked to rate the perception of 14 items. The results show that most of the students are satisfied with the quality level of college administration in the form of cooperation, cleanliness, drinking water, refreshments, social services, redressal of grievances, functioning of placement cell, infrastructural facilities, scholarships and campus environment.
